at this office, The work has been compiled with the greatest care, numerous improvements and additions having been suggested and The Daily Press Office. 8th February, 1867.

HONOKONO, FEBRUARY 12, 1867.

In this way it has a great deal of practical lover their fellows, pure Chinese, is to be icit in its progress, must arise from the fact that it involves an ethnological investigation to the capability of development of Singapore, 22nd Sept., 1836. [15 tl 42 the Chinese mind. At that school an effort is the shareholders of this institution for receiving being made to ascertain how for it is possible the report of the Court of Directors together with to elevate Chinese minds to a thorough work- the accounts to December 31st, and of declaring THE Commany's Works at Tanjong Pager (so ing comprehension of the knowledge now curfor as completed) are now in working order, rent in the world. From all that can be made

I for as completed) are now in working order, rent in the world. From all that can be made court of directors occupied the chair and called and vessels can be lo ded and discharged at the out by an impartial study of the evidence to the meeting to order, reading the advertisement by wharf with all despatch. Ship's repairs also can be gathered in various directions it would which it was convened. The report of the court seem that no Chinese has yet attained this of directors which has already appeared in these There is accommodation at the wharf for six elevation. Most assuredly the stars papers of columns was then presented and read. On motion or seven versels, loading or discharging, at the Chinese, written by that class which in of the chairman seconded by Mr. Whyte, the resame time, and goods are stored in first-class other countries is in possession of the highest port was unanimously adopted. same time, and goods are stored in first-class other countries is in possession of the highest.

Story rose to ask for information whether godowns, and account first under open amount of culture do not show anything like the amount set down in the accounts as remuneration to Directors was a charge on account or whether policies. The charge for wharfage is 26 cauts per ton. We noticed the other day an indication in a ther it was remuneration in full to date? The recent dispatch by Pince Kune, showing that | chairman replied that it was remuneration in full to Steam-ships, for constructing which they have dispated is provides, and from the proximity of the was still to a great extent impressed with up to December 31st 1968. culing adventages to shippers and consigners, the narrow superstition about the physical The sherion of directors was declared the next Orange, steam winches, &c., are on the wharf, superiority of the Flowry Land to all others, business before the meeting, lecause, as we have argued many times, and mould be areading the bost resolved by the preand a weighing machine, capable of weighing 12 It is not surprising that this should be so, as we know now with the concintence of many proposing for re-election the names of the gentlemen best qualified by wide experience of this men who at present retired. He did not however dence. It can do as it thinks right without nor the storage or coat, as a conta per ton per country and intimute with native politics to include the name of the present chairman since asking permission of any one. And do not month. Coals are also received for sale, and the Company have a large stock of all descriptions of udge, there is nothing in the ordinary course he understood that it was in accordance with that right the Bank, has before it a most prosper-English and other coal, which can be put on of training which the most cultured amongst gentlemin's wishes that he should not be named our career. When it was started it was not board of steamers, on the most underste terms.

the Chinese go through, which lead to my additional name of Mr. Julius Meaks of Mesars W.

thing like cosmopolitan knowledge. In fact A Granita Unck 450 feet long, with a width of this is expressing but a limited morsel of the wishes of every one present when he said that am when they were really worth 10 per cent, truth which is that the Chinese education is the gentlemen had the most hearty thanks of the discount. Now when the Banks are the same in nothing but an attempt at mental training by curporation for the very satisfactory results of the number as nine years ago and the Hongkong and plete range of Workshops, fitted with steam machinery, and all descriptions of engineers' tools be very wall in its way, if those studies were

through, the opportunities for such intercourse them for re-election.
